High Resolution

2TB HD-Included

Smartphone & Browser Access

Stream fluidly with 30FPS

Motion Detection

High Definition Streaming

Delivers pristine video with resolutions up to 1080HD at a full 30 frames per second, and has the ability to record 16 full 4Mbps streams at the same time.

Easy-Access Monitoring

Monitoring surveillance equipment is easy thanks to a clean, streamlined user interface. Just create a desktop shortcut or access each product remotely through the accompanying iOS® and Android apps.

Real-Time Email Notifications

Paired with Wirepath™ IP cameras, event-based alerts allow you to create custom notifications based on motion detection and alarm triggers. When specific events happen, an email with an attached screenshot is sent directly to your inbox.

Privacy Masking and Motion Detection

User-defined privileged areas can be blocked for privacy, while other areas can be defined to begin recording upon detecting motion.

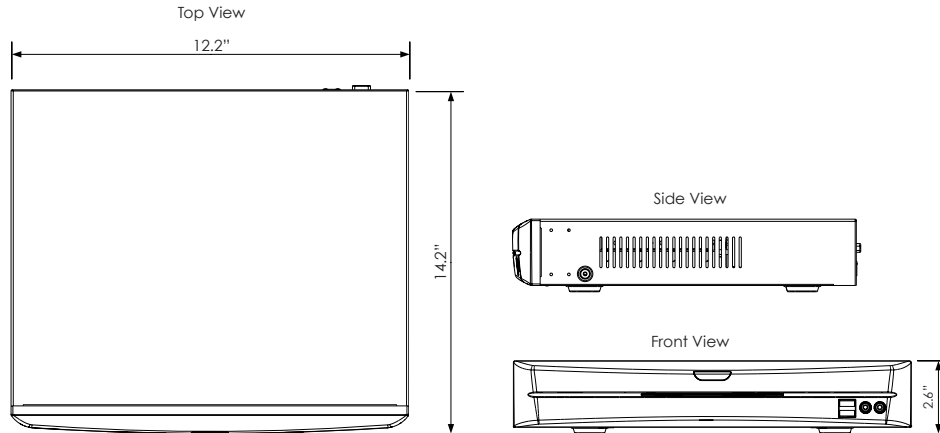

3-Year Limited Warranty

This NVR has a 3-Year Limited Warranty. The warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified, disassembled or improperly installed.
